SURAL

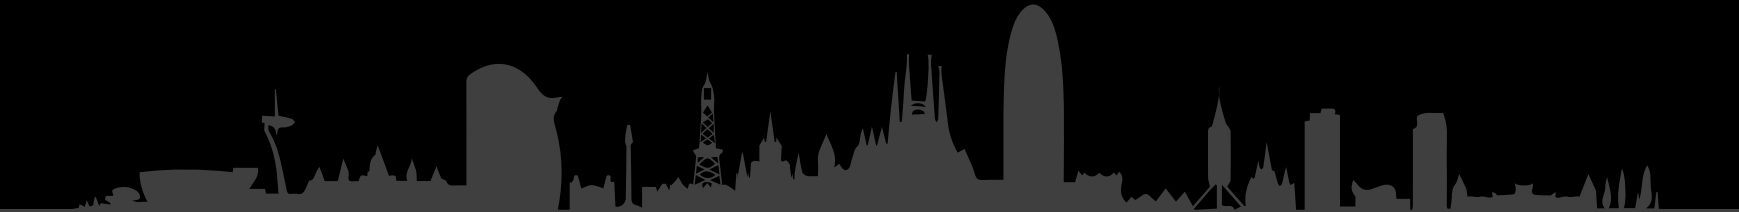

*Made in
Barcelona*

Our brand was born in the city of Barcelona related to design and sports events of different modalities. Sural products are developed from knowledge, technology and innovation with cutting edge materials.

Our products emphasize functionality, quality and modern design. All these advantages make our products really competitive.

The collections of Sural have products for endurance and large distance.

eco

Sural cares about the environment, so its garments are fabricated with high quality fabrics made from recycled materials that help minimize the consumption of natural resources and help keep the oceans cleaner.

Recycled DTY - 100% Post-consumer Polyester CU816491
<http://certification.controlunion.com>
Certified to GRS

Thank you for choosing our clothes.
In Sural we take care of the environment using recycled polyester and ecological inks.

Our production it's local, we fight it against slavery children and avoid CO2 emissions.

INSTRUCTIONS

ENG

Sural catalogs are characterized by containing all the necessary information about the technical qualities, photos, videos and the description of each of the products, from buttons to click and quickly obtain the requested information of the product in question.

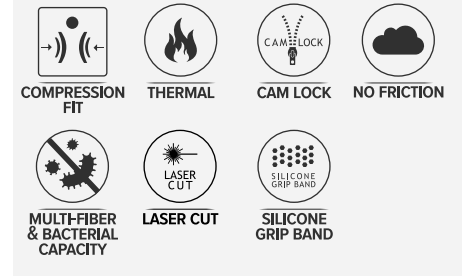

ESP

Los catálogos Sural se caracterizan por contener toda la información necesaria acerca de las cualidades técnicas, fotos, videos y las descripción de cada uno de los productos, a partir de botones para clicar y obtener rápidamente la información solicitada del producto en cuestión.

1 Description of the technologies

- ULTRA LIGHT**
Lightweight fabric. A fabric that provide a pleasant feeling of comfort, agility and freedom of movement.
Tubo ligero. Una ligereza que proporciona una agradable sensación de confort, agilidad y libertad de movimiento.
- CAM LOCK**
Zipper with lock.
Cierre de cremallera con bloqueo.
- LASER CUT**
Made for ultimate comfort and seamless finish.
Hecho para una mayor comodidad y un acabado final sin costuras.
- SILICONE GRIP BAND**
Anti movement of the handle. Major comfort.
Anti movimientos de la maneta. Mayor confort.
- THERMOREGULATION**
To maintain a constant optimal muscle temperature during intense workout, to minimize the possibility of muscle damage.
Mantener una temperatura muscular óptima constante durante el intenso entrenamiento. Minimiza la posibilidad de daño muscular.
- NO FRICTION**
The soft touch avoids friction and increases our comfort and sense of well being allowing the athlete to concentrate on the physical activity.
El tacto suave evita la fricción y aumenta la comodidad y la sensación de bienestar, permitiendo que los atletas se concentren en su actividad física.
- CHLORINE RESISTANT**
Strong resistance to chlorine and abrasion.
Fuerte resistencia al cloro y a la abrasión.
- WATER REPELLENT**
Tall fabric, water repellent.
Repelir el agua para una máxima fricción.
- WIND SEALER**
Wind protection. Windproof fabric.
Máxima protección. Tubo impermeable e hidrófobo.
- 100% WATERPROOF**
Special fabric 100% waterproof that repels water and wind, designed to give maximum protection, leaving you dry while allowing total penetration, full drying, maximum durability, 100% washable.
Tubo especial 100% impermeable, que repela el agua y el viento, diseñado para dar la máxima protección, dejándote seco al tiempo que permite transpiración total, secado rápido, máxima durabilidad, 100% lavable.
- REVOLUTIONARY ELASTICITY**
Fabric allows a multidirectional elastic movement, COOLMAX fabric a second skin, fitting following the body movements the increasing comfort.
Tubo que permite un movimiento elástico multidireccional, COOLMAX forma una segunda piel, siguiendo tus movimientos la comodidad va aumentando.
- PROGRESSIVE ADAPTIVE COMPRESSION**
Pressure on elbows and that exerts specific pressure around the different muscle groups.
- **ACTIVE:** facilitates blood circulation, minimizing stress impact, reduction of impact vibrations.
- **PASSIVE:** facilitates muscle recuperation after any workout.
Presión específica por cm2 sobre los diferentes grupos musculares.
- **ACTIVO:** facilita la circulación sanguínea, minimiza el impacto del estrés, y reduce las vibraciones de impacto.
- **PASIVO:** facilita la recuperación muscular después de cualquier entrenamiento.
- MULTI-FIBER AND BACTERIAL CAPACITY**
The specially engineered fibers allow to creation of high performance garments that are soft, breathable and moisture wicking. Biochemical, antibacterial and bacteriostatic properties prevent bacterial proliferation, odour and odour.
Las fibras especialmente diseñadas permiten la creación de prendas de alto rendimiento, suaves, transpirables y que ahuyentan la humedad. Antibacteriana y bacteriostática que impiden la proliferación bacteriana, el olor y el olor.
- THERMAL**
For maximum intensity training in cold weather conditions, from 4° to 12°, where dynamic and comfort are essential.
Para el entrenamiento de intensidad media en condiciones de clima frío, de 4° a 12° donde la suavidad y la comodidad son esenciales.

2 Product Information

COLLECTION & TEAM PRODUCT CY1205 / TMC1205 SOLID JERSEY

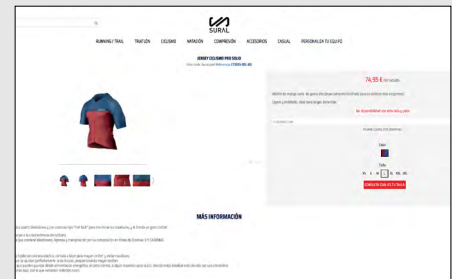

TEAM
The jersey is short sleeve jersey specially designed for more demanding cyclists.
Light and overfitting, ideal for long distances.
Made from revolutionary fabric with low-way elasticity and "flexlock" seams to enhance chafing and provide maximum comfort.
- One provides lightweight and breathable thanks to the carbon bioacoustic.
- The other provides elasticity thanks to its elastomer content and lightness and breathability thanks to its Coolmax fibers.

CHARACTERISTICS
- The waist an elasticized strip of laser cut elastic allows fabric for greater comfort and to prevent chafing.
- The sleeves incorporate seamless laser cut, which fit perfectly to the arms, providing greater comfort.
- Elastic flat pockets at the back for holding energy food, a windbreaker or the tools you need for the ride. One of them provides a zipper.
- The neck is laser cut elasticized at the most to avoid unpleasant chafing.

USES
- MTB, Cycling & Spinning

3 Web

TECHNOLOGIES

ULTRA LIGHT

Lightweight fabric. A lightness that provide a pleasant feeling of comfort, agility and freedom of movement.

Tejido ligero. Una ligereza que proporciona una agradable sensación de confort, agilidad y libertad de movimiento.

CAM LOCK

Zipper with lock.

Cremallera con bloqueo.

LASER CUT

Made for ultimate comfort and seamless finish.

Hecho para una mayor comodidad y un acabado final sin costuras.

SILICONE GRIP BAND

Anti turn movement. Greater comfort streight.

Anti movimiento de la prenda. Mayor confort.

THERMOREGULATION

To maintain a constant optimal muscle temperature during intense workout, to minimize the possibility of muscle damage.

Mantiene una temperatura muscular óptima constante durante el intenso entrenamiento. Minimiza la posibilidad de daño muscular.

NO FRICTION

The soft touch avoids friction and increases our comfort and sense of well being allowing the athletes to concentrate on the physical activity.

El tacto suave evita la fricción y aumenta la comodidad y la sensación de bienestar, permitiendo que los atletas se concentren en la actividad física.

CHLORINE RESISTANT

Strong resistance to chlorine and abrasion.

Fuerte resistencia al cloro y a la abrasión.

WATER REPELLENT

Total fabric water repellent.

Repele el agua para una mínima fricción.

WIND SEALER

Best protection. Windproof fabric.

Máxima protección. Tejido paraviento e hidrófogo.

100% WATERPROOF

Special fabrics 100% waterproof, that repels water and wind, designed to give maximum protection, leaving you dry while allowing total perspiration, fast drying, maximum durability, 100% sublimable.

Tejido especial 100% impermeable, que repele el agua y el viento, diseñado para dar la máxima protección, dejándole seco al tiempo que permite transpiración total, secado rápido, máximo durabilidad, 100% sublimable.

REVOLUTIONARY ELASTICITY

Fabric allows a multidimensional elastic movement, COOLMAX form a second skin, flexing following the body movements this increasing comfort.

Tejido que permite un movimiento elástico multidimensional, COOLMAX forma una segunda piel, siguiendo los movimientos del cuerpo dando un mayor confort.

PROGRESSIVE ADPTATIVE COMPRESSION

Pressure per square cm that exerts specific pressure around the different muscle groups.

- **ACTIVE:** facilitates blood circulation, minimizing stress impact, reduction of impact vibrations.
- **PASSIVE:** facilitates muscle recuperation after any workout.

Presión específica por cm² sobre los diferentes grupos musculares.

- **ACTIVO:** facilita la circulación sanguínea, minimiza el impacto del estrés, y reduce las vibraciones de impacto.
- **PASIVO:** facilita la recuperación muscular después de cualquier entrenamiento.

MULTI-FIBER AND BACTERIAL CAPACITY

The especially engineered fibers allow to creation of high-performance garments that are soft, breathable and moisture wicking. Bacteriostatic, antibacterial and bacteriological properties prevents bacterial proliferation, odour and allergy.

Las fibras especialmente diseñadas permiten la creación de prendas de alto rendimiento, suaves, transpirables y que absorven la humedad. Antibacterianas y bacteriológicas que impiden la proliferación bacteriana, el olor y la alergia.

THERMAL

For medium intensity training in cold weather conditions, from -4° to 12°, where dryness and comfort are essential.

Para el entrenamiento de intensidad media en condiciones de clima frío (-4° a 12°) donde la sequedad y la comodidad son esenciales.

A woman with her hair in a bun, wearing a pink visor, a dark grey patterned t-shirt, and bright pink cycling shorts, stands on a beach. The background is a soft-focus view of the ocean and sky.

COMPRESSION

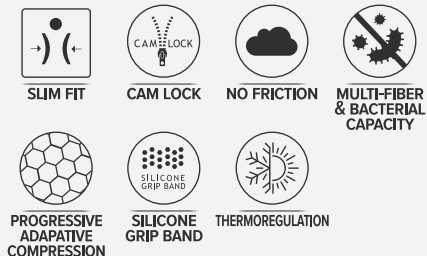

These garments are created to prevent, improve performance with comfort, without weighing you down. If you are also looking for fibers that make you feel dry and avoid odors, here you will find the right garment for the sports practice you require. You will find useful t-shirts, leggings and accessories for whatever you set out to do.

Estas prendas sirven para prevenir y mejorar el rendimiento con comodidad, sin agobiar. Si además buscas fibras que te hagan sentir seco y que eviten los olores, aquí encontrarás la prenda adecuada para la práctica deportiva que requieras. Encontrarás camisetas, mallas y accesorios útiles para lo que te propongas hacer.
